
Dear Howard, There is good new stuff in these FOIA dox, not to mention your excellent pro se brief which, if there is any justice (and which there ain't) should win for you...I'm off skiing but when I get back and can get myself caught up on my novel -- say in a cupla weeks -- I'll do something if no one else has. I wish someone else would, frankly, as it will mean work I'd rather not do. But if no one....Les
